## **Northside Home Burglarized**

*By Charles Wheeler, V  
Staff Reporter*

**Pat Siewert should have locked the door. Burglars took advantage and came into Siewert's home at 5400 N. Lombard Tuesday night or early this morning. Missing are several valuables including a laptop computer, a Cable box, and a set of heirloom silverware.**

**"I thought the dogs were good burglar alarms," Siewert told the police. "One of the dogs barked a couple of times in the middle of the night, but she is an old dog and maybe did not want to get too worked up. The other dog did nothing.**

**"I learned a lesson: don't leave doors unlocked."**
